ADVANTAGES

Learn how good equipment really are before actually buying them later for larger projects.

Renting expense is only incurred for the equipment when it needed for a particular job. The extra capital you save through renting equipment from the Sudhir Rental store can be applied to the other demands within your business so you can grow profitably. Release your business from the costs associated to equipment ownership.

Our team can knowledgeably consult you on equipment and application. We will work to become your trusted rental source and make your job easier. We are only a phone call away.

Now you can eliminate costly service shops, service tooling spare parts and those cumbersome maintenance records. We for it all for you. Our rental agreements typically cover complete maintenance of the equipment.

Renting equipment does not appear as a liability on your business balance sheet. So renting can actually increase your borrowing power by offering a better ratio of assets to liabilities. Equipment ownership can be costly. The value of equipment depreciates over time.

MINIMIZE COSTLY BREAKDOWNS

Our fleets are loaded with newer, reliable equipment that are put through a rigorous maintenance routine by trained mechanics prior to each rental to assure the most productive and reliable equipment possible reaches your job-site

ELIMINATE STORAGE COSTS

No need of maintain a storage yard. Just give us a call for quick pick-up or simply drop off the equipment when you've finished using it. We'll take care of the equipment storage.

GET YOUR JOB COMPLETED MORE EFFICIENTLY

Expect the latest technology from the Sudhir Rental Stores. We rent quality brands of equipment utilizing the most innovative ideas available today. You will be using the right equipment to get the job done.

NO EQUIPMENT OBSOLESCENCE

Equipment ownership can be costly. The value of equipment depreciates over time. Renting from the Sudhir Rental Stores allows you to use the latest technology equipment without the concern of costly depreciation. No more trying to get the job done with old, worn-out equipment.
