From CMD's Desk

MR. SUDHIR SETH

CHAIRMAN & MANAGING
DIRECTOR

Dear Friends,

It's always a great pleasure for me to share our company insights with you all who have contributed and supported us at each step in achieving milestones. New Initiatives by Govt. of India and their plan to invest hugely in Power Sector by announcing five new ultra-mega power projects, a big push to renewable energy, and higher pollution tax on coal would definitely boost the economic growth in coming times.

In achieving India's ambitious plan to actualize a target of setting 1,75,000 MW renewable energy capacity by 2022 and reducing pollution, we are glad to announce the launch of our Solar Project Division. We will undertake the entire designing, production, testing and installation of Solar Projects. In a successful start, we are pleased to inform our stakeholders that you can see Sudhir Solar Projects in India's upcoming prestigious AIIMS hospital at Jodhpur & Rishikesh.

Sudhir Group has touched all aspects of industries by its energy solutions, be it, IT industry, FMCG, Refineries, Educational Institutes, Real Estates, Hospitals, Govt. Projects, Metros, Hospitality or Marine sector. In a recent achievement, I feel extremely proud that with the help of our partner Cummins, our team has developed first 1.2 MW Generating set for marine applications at our state of art manufacturing facility in Athal near Mumbai for Hindustan Shipyard Ltd. I am thankful

to all renowned Scientists from Govt of India, entire HSL team who trusted us and obliged us by giving this prestigious opportunity.

A mix of smart products, facilities matching global standards, increased focus on collaborations and with new technology applications, we are trying to build world class products that everyone wish to **Make in India**.

This issue of **Current** provides an overview of new energy solutions, technologies, upcoming projects, customer views and perspectives from Industry. Happy Reading!

Best Regards,

SOLAR ERA – SUDHIR’S GIANT STEP TOWARDS RENEWABLE ENERGY SOLUTIONS

Increasing global talks regarding clean air leads you towards renewable energy solutions and thus providing clean energy to the future, Sudhir has taken a giant step towards it by announcing the launch of its Solar Division at Manesar, Gurgaon. After a successful implementation of two large solar projects in India's most prestigious upcoming AIIMS hospital at Rishikesh & Jodhpur, Sudhir has started designing, production, testing and manufacturing of solar products such as solar transformers etc. which are used enormously in solar projects at it's state of at facility in Manesar, Gurgaon. Sudhir's Solar PV value chain, will provide a comprehensive portfolio of products, systems and solutions that enable the generation, transmission and distribution of solar power for both on-grid and off-grid applications. For AIIMS Rishikesh, 60kW and for AIIMS Jodhpur, 100 kW solar projects have been implemented.

ACHIEVING MILESTONES AT EVERY STEP

SUDHIR - CUMMINS PIONEERED FIRST 1.2 MW MARINE GENSET FOR HSL

We are in the process of integrating 03 nos. DG sets of 1.2 MW capacity for Hindustan Shipyard Limited, Vizag at a total cost of Rs. 18 Crs. Out of these, 02 nos. have already been successfully integrated and tested at our plant. It is the first time that Sudhir - Cummins has supplied DG sets of this capacity to any defence customer. HSL senior officials & acclaimed scientists from Govt. of India praised Sudhir - Cummins for brilliant team work and timely execution of the project.

180 TRANSFORMERS TO POWER INOX WIND PROJECTS IN 4 STATES

Inox Wind, part of the \$2 billion Inox group and a fully integrated player in the wind energy market has felicitated Sudhir by ordering 180 nos of 2.3 MVA Oil Type & 60 kVA VPI Dry type transformers worth Rs. 10 Crs. for their upcoming wind power projects at Maharashtra, Gujarat, MP and Rajasthan. Inox has received this contract from Green Infra, Hero Future, Continuum Wind Energy & New Power Co.

FLYING ORDERS FROM TATA POWER & TATA CONSULTANCY

Tata Group – the most prestigious Indian multinational conglomerate trusts Sudhir to power their subsidiary companies. In a recent achievement, Sudhir bagged its first time order from TPDDL - a joint venture between Tata Power and the Government of NCT of Delhi to supply 18 nos of 63 & 990 kVA Oil type transformers to distribute power in North & Central Delhi. For Tata Consultancy, Gurgaon, Sudhir successfully acquired an order to do SITC of 4x1010 kVA DG sets at their IT office. Sudhir won these order under fierce competition from already established companies due to its product's superior quality & technical competency. Approximate order value is around Rs. 7 Crs.

BHEL RELIED SUDHIR FOR NTPC'S SUPER THERMAL POWER PLANT AT JHARKHAND

Bharat Heavy Electricals Ltd. (BHEL) has recommended Sudhir to design, manufacture, test and supply 8 nos of outdoor type 11 kV - 433V - 500 kVA Packaged Substation for NTPC's 1,980 MW super thermal power plant at North Karanpura, Jharkhand. We have been one of the major supplier to BHEL for the Transformers and now we are highly glad that we have now become the main supplier for the PSS too.

POWERING INDIA'S LARGEST MILK COOPERATIVE "AMUL" – TASTE OF INDIA

India's top dairy co-operative Amul has shortlisted Sudhir – Cummins as its preferred supplier of Silent DG sets over Mahindra & Mahindra and Kirloskar. Kaira District Co-Operative Milk Producers' Union Limited has ordered 136 silent DG sets of various ratings worth Rs. 45 Million from Sudhir for their production plants based at Anand & Kheda District, Gujarat.

CONTINUOUS POWER SUPPLY TO 450 ACRES HONDA CAR PLANT AT TAPAKURA

HCIL's second plant in Tapukara is the first car manufacturing plant in the state of Rajasthan. Sudhir has bagged an order valued Rs. 5 Crs. from Honda to do additional SITC of 2000 kVA/11 kV DG sets to fulfill their continuous power demand. This facility is spread over 450 acres and has an annual production capacity of 120,000 units.

ORDERS WORTH RS. 65 CRS. FROM GOVT. VIDYUT NIGAMS

Sudhir is proud to bag an order value totaling Rs. 65 Crs. from 3 major Govt. Vidyut Nigams, PuVVNL, HVPNL & UHBVN to supply them power solution products and services, to maintain an integrated and efficient power transmission system network in their respective areas.

For UHBVN, the work includes SITC of 33kV Sub-stations and associated 33 kV lines (65 km) & 11 kV link lines (40 km) along with complete Civil works and to do O&M for two years on turnkey basis where as for HVPNL, it includes design, engineering, manufacture, testing & supply of multiple 40/50 MVA 132/33 kV T/F, 25/31.5 MVA, 66/11 kV T/F, Switch gears, circuit breakers, 33 kV VCB's isolators, complete substation works along with other associated mechanical & electrical auxiliaries for sites - Uurlana, Panchkula & Laha.

Similarly, the scope of work envisioned for PuVVNL includes supply of 46 X 11 kV VCB HT Panels, 38 X 250 kVA, 10 X 5 MVA and 10 x 10 MVA Oil Type Power Transformers for their sites at Ghazipur, Fatehpur and Gorakhpur

HEALTHCARE SECTOR GETS A POWER BOOST FROM SUDHIR DG SETS

Powering forthcoming super specialty ward at Safdarjung Hospital

Diversified conglomerate L&T who has bagged a major order from Hospital Services Consultancy Corporation (India) Limited for construction of a super specialty cum new ward at Safdarjung Hospital reckon upon Sudhir to supply, install, test and commission 4 X 1500 kVA DG sets at Hospital so that an uninterrupted power supply can be provided and timely execution of work can take place. Project order valued around Rs. 6 Crs.

SPL DG Sets at Gurgaon's New Multispecialty hospital developing by Orissa Stevedores

OSL Healthcare Private Limited – a subsidiary of Orissa stevedores Ltd. has embarked upon a project to set up a multispecialty hospital in Gurgaon. This Odisha based firm relied on Sudhir Power to do SITC of multiple DG Sets ranging from 1010 kVA – 1250 kVA worth Rs. 3 Crs. at the hospital which will have capacity of around 417 beds with special oncology and nuclear medicine department.

UPCOMING REAL ESTATE PROJECTS COUNTING ON SUDHIR FOR POWER SOLUTIONS ORDERS

CROSSES RS. 35 CRS.

In a major breakthrough, Sudhir has managed to bag orders worth Rs. 35 Crs. from real estate majors such as Unitech, IREO, L&T, Experion Group, Simplex Infrastructure etc. for supply, installation, testing and commissioning of Silent DG sets at their various locations.

For 2 IT SEZ Infospace of Unitech Group, located at Gurgaon, Sudhir will do the complete SITC of 14 Silent DG Sets of ratings 1010 kVA, 1500 kVA and 2000 kVA. Each SEZ infospace is a state-of-the-art 3.7 million sqft planned development spread across 28 acres of land. In addition to it, for IREO Skyon Project, Gurgaon, Sudhir is supplying 5 DG sets of 1500 kVA & 2000kVA valued around Rs. 11 Crs. Similarly, for Experion Group Housing and L&T Constructions, we will do the SITC of 9 DG sets of rating 500 kVA, 1010 kVA, and 1500 kVA whereas for Simplex Infrastructure Ltd. who has undertaken purab premium apartment project from Greater Mohali Development Authority, Chandigarh, Sudhir is supplying numerous Silent DG sets of various ratings ranging from 250 kVA – 750 kVA.

SUDHIR FOUNDATION BELIEVES IN GIVING BACK TO SOCIETY

In purview of our responsibility towards society, Sudhir foundation has always come forward to bring smiles on the face of people either by by organising medical camps, donating clothes, foods & water bottles, providing free education to children, saving thousands of life by regularly organizing blood donation camps or taking forward country's initiatives such as Swachh Bharat Campaign.
