SUDHIR SETH

Chairman & Managing Director

...

As we enter 2019, it's a good time to reflect on what we have accomplished, the journey we have taken to get to where we are the growth plans we have for an exciting and bright future.

On the onset, I greet my colleagues, work force, associates and most importantly our Customers and wish them happy and cheerful life ahead.

The period had been challenging as well rewarding. My heartfelt thanks to our customers and stakeholders for their continued support and trust in our products and services.

Your support is the guiding spirit that motivates us to scale new heights.

SUDHIR shared its role in propelling the growth engine by providing a continuous power supply sources to service sector – who serves billions of end users; realty sector – for the comfortable living; healthcare sector – for the extra care that is critical at the time of need, to name a few.

Towards clean energy and environment protection, SUDHIR Solar Energy projects are making their mark. Testimony of our commitment is 7.25 MW Solar Energy Plant at Hindustan Aeronautics – India's pioneer production unit in the field of fighter aircrafts.

Understanding its Corporate Citizen Responsibility, SUDHIR contributed in easing life of less-privileged, abandoned senior citizens; mentally disabled people; and deprived females at Earth Saviours Foundation and on the other hand today's children are future of tomorrow and building a strong future is the concept behind SUDHIR's support to students under 'LITERACY INDIA', a non-profit organisation that empowers under-privileged women and children by making them self-sufficient through proper vocational education.

I am happy to share the efforts of my marketing team and channel in achieving the targets set for them and most importantly their contribution in customers' feedback that helped us to improve the product and services and strengthen the TRUST of our esteemed customers. I particularly mention here the involvement of our dealers in Show casing of our products in 7 states and educating end users about SUDHIR.

The year ahead will bring its own challenges but I 'm sure by working together, keeping focus on our priorities and putting our customers first we can release our ambition.

Mr. Sudhir Seth
Chairman & Managing Director

ENSURING RELIABLE UNINTERRUPTED POWER SUPPLY TO CORE SECTORS

Nextra Data Ltd. a fully owned subsidiary of Bharti Airtel provides an integrated portfolio of Cloud and Managed Services across India. In Pune, to meet their need of uninterrupted power supply - one of the important ingredient in servicing their customer on 24 x 7 basis, Nextra Data, Pune trusted Sudhir and placed an order of 14nos 2250kVA DG sets.

Nextra Data Ltd.

The package includes designing, manufacturing, supplying, installation, testing and commissioning of high voltage 11kV, 2250kVA DG sets for the Data center; Design & supply of complete Plant automation using 11kV DG control & relay panels for DG synchronization & AMF operations through PLC. Design & Supply of fuel systems with 45KL underground bulk oil (HSD) storage tank & exhaust system.

Following to this, Sudhir will also be completing the Design to Commissioning of 2nos 2250kVA DG sets at NXTRA Whitefield, Bangalore project.

Candor Gurugram - One Reality Projects Pvt. Ltd.

Candor Reality Project, Sector 135, Noida is one of the prime project to which Sudhir will be supplying 5x2000 kVA and 6x1500 kVA DG encompassing scope of work as complete SITC of Silent DG sets that includes design, fabrication, assembling of exhaust piping, cooling towers and HSD storage and supply system, a Synchronizing panel for parallel operation & a DG Aux. Panel, Special Supply of 150 TR FRP induced Draft Cooling Towers Suitable for 1500kVA DG sets is also done.

Sudhir will also supply 3nos 8 MVA oil type transformer & 8nos 2 MVA dry type CRT transformers.

Besides this project, at the N1 project, a 19.25 acre IT park project site located close to the National Highway 24 in Noida, being developed to provide 1.97 million sq. ft. of office space and 60,000 sq. ft. of commercial space, Sudhir will execute complete order of SITC design & build of 4 x 1500kVA Silent DG sets, synchronized panel, exhaust piping, coil cooler with HSD tanks, acoustic room etc.

SILENT DIESEL GENERATOR

DRY TYPE TRANSFORMER

LT PANEL

HT PANEL

DRY TYPE TRANSFORMER

OP Jindal University, Sonipat

To one of the most prestigious University in India. Who entrusted Sudhir for a complete Power solution. SITC of 3x8 MVA & 8x2 MVA Transformers along with HT Panels. Supply 3x2250kVA DGs with synchronized panel, NGR-NIS Panel, exhaust piping, coil cooler with cabling, earthing bulk storage HSD tank, acoustic room.

Havells India Ltd.

One of India's leading fast moving electrical goods company, is setting up a green field project with new facility in Ghiloth Industrial Area, Neemrana, Rajasthan called in SUDHIR to supply of DG sets ranging 2 x 1500kVA & 1 x 500 kVA, with coil cooler, LT panels with inbuilt auto synchronization panel.

RED PARKS PVT. LTD

Supply of 2x2000 kVA CRT 3x1500 along with 1x 1010kVA DG set

SILENT DIESEL GENERATOR

CAST RESIN TRANSFORMER

Bharti Airtel

Bharti Airtel's growing confidence in Sudhir's products and services made us earn another Nextra Project at Chennai.

Sudhir won reverse auction for Supply and of 2x2500kVA DG sets and separately won design & supply of a LT kiosk 2500 kVA 11kV/0.433kV having a Dry type transformer at Bharti Tower Chennai. The LT kiosk was specially designed & engineered in consultation with Bharti engineers to customise it for the difficult site location at Chennai Bharti tower.

CAST RESIN TRANSFORMER

NTPC, PATNA

Schneider

Having NTPC approval, Sudhir worked with Schneider Electric on their E-house for NTPC Patna, TPS water pumping station. Sudhir supplied 2x1750 Cast Resin Transformers.

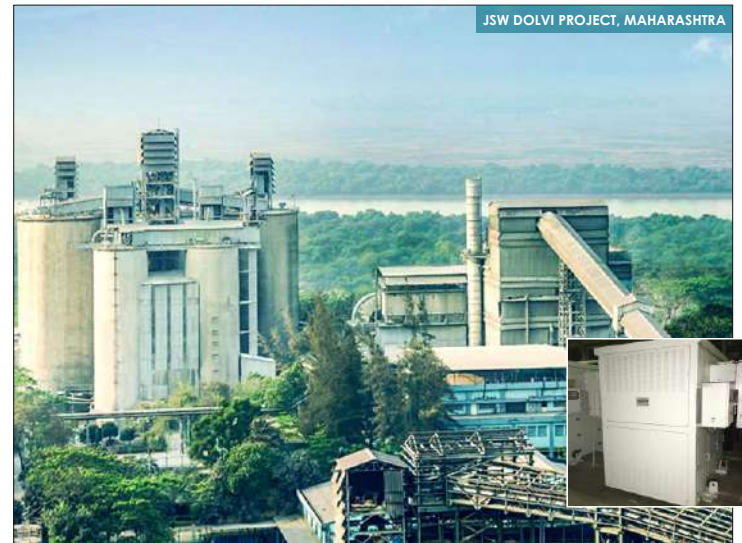

ABB

ABB, a pioneering technology leader in both LV & HV motor drives works closely with Sudhir for their 6 winding multi-tap transformers. ABB entrusted Sudhir with prestigious projects to supply transformers.

- 2x6300kVA & 2x6400kVA at Yettinahole lift irrigation project.
- 4x3500kVA & 2x750kVA at Ultratech Cement (Balaji cement works)
- 1x2400kVA & 1x1700kVA at Tamil Nadu Cement.

ULTRATECH CEMENT PROJECT

JSW DOLVI PROJECT, MAHARASHTRA

JSW Steel limited

Sudhir has recently bagged an order for 30 Cr. from JSW Steel Limited for their Dolvi project site.

It involves complete designing, engineering, manufacturing, supply and supervision services of erection & commissioning of 152nos 2000 KVA and 6nos 3350kVA CRT Transformers along with two years spares of 2MVA & 3.5 MVA dry type transformers for phase-II projects at Dolvi, Maharashtra.

Siemens

PARADIP PORT, MAHARASHTRA

Siemens again trusted Sudhir for their projects at JSW Paradip Port, & Jetty Odisha where Sudhir will supply Cast Resin Transformer.

KEI - JKPDD Project

An order worth Rs. 3.05 Crores has been received from KEI for Jammu Kashmir Power Distribution Department project for 4 x 10 MVA & 5 x 6.3 MVA 33/11KV Power transformers.

EMPOWERING THROUGH PACKAGE SUBSTATION (PSS)

Sudhir's business integrity and its promise of quality, reliability and best after sales service has garnered attention in the Reality sector. Sudhir has supplied packaged substations and HT/LT Panels to the following projects.

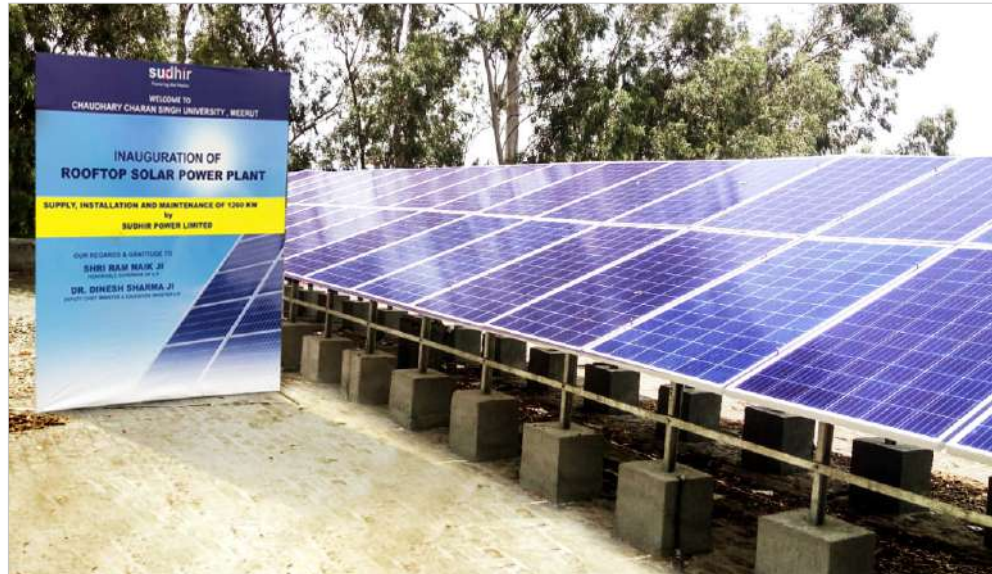

BPTP

We have supplied 20 nos. Packaged substation, 5nos 10 MVA transformers and with 2000kVA Silent DG set, 11kV Cast Resin Transformer for BPTP various projects.

Project Amstoria, Sector 102-102A Gurugram, Haryana. Sudhir will design, manufacture, supply of 11kV outdoor type of 2 nos. Packaged Substation consisting of 250kVA & 800kVA 11/0.433kV oil type transformer with 3 way ring main unit consisting of 1no. TP 350 MVA 630A VCB.

PROJECT AMSTORIA, GURUGRAM

Assisting large industrial units into switching to renewables and reducing the carbon footprint, Sudhir supplied "20MW Hanur solar" power plant for Ecoren Solar Project, located at Neemrana, Rajasthan.

In another project, Hindustan Aeronautics trusted Sudhir for complete SITC including supply, installation, testing and commissioning of 7.25 MW solar systems including Polycrystalline/ Monocrystalline PV modules of rating 325Wp, grid connected string inverters, data monitoring, DC fuse box, AC distribution boards & metering panels for 26 roof tops.

For Allied Industries Faridabad, Sudhir installed 650 kW solar system and 1260 kW solar system was installed at their factories at Manesar & Faridabad.

PACKAGED SUBSTATION

Project Park Pride -

At Sector 77 & 78, Faridabad - Sudhir will, supply 8 nos. 11KV Packaged Substation with, 3 way non-extensible RMU unit and 630kVA 11KV / 433 V oil cooled transformer offload tap changer. Adding to this Sudhir will also supply 4 nos. Packaged Substation of 630 kVA and 12.5 MVA transformer to power Astaire Garden at Sector 70-70A Gurgaon.

IBM

IBM for Idea cellular Noida, entrusted Sudhir for Supply, testing and commissioning of outdoor packaged substation with 2500kVA 11kV/ 415 volts Dry type transformer with OLTC (On Load Tap Changer). The 12week time bound project was executed well within the timeline.

PACKAGED SUBSTATION

OIL TYPE TRANSFORMER

FEW MAJOR INSTALLATIONS

24 x 7 EMERGENCY SHALBY HOSPITAL, JAIPUR

1600kVA PSS along with 750kVA Silent DG Set installed at Shalby Hospital

CAMELIA PROJECT, GURUGRAM

Low noise cooling towers, Synchronized Panel, Silent DG sets installed at DLF Camelia, Gurugram

TELEPERFORMANCE, INDORE

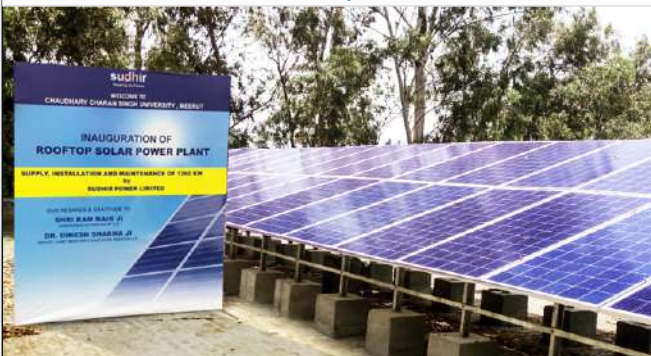

3 x 365kVA DG Sets installed at Teleperformance, Indore

RIDDHI SIDDHI INFRA (P) LTD. JAMMU

500kVA x 2 Nos & - 750kVA x 2 Nos installed at Palm Island Mall, Canal Road, Jammu

CHAUDHARY CHARAN SINGH UNIVERSITY, MEERUT

1260kW Roof-top Solar Plant installed at CCU University, Meerut

ALLIED INDUSTRIES, FARIDABAD

650kW Roof-top Solar Plant installed at Allied Industries, Faridabad

AVN PUBLIC SCHOOL, FARIDABAD

50 KW Roof-top Solar Plant
installed at AVN Public School, Faridabad

DMRC INA METRO STATION, DELHI

Schneider Block-set LT Panels, 5000 Ampere
installed at DMRC INA Metro Station, New Delhi

PRANAV VIKAS LTD., FARIDABAD

3 X 1500kVA Synchronization panel
installed at Pranav Vikas Ltd. Faridabad

CRICKET STADIUM, INDORE

10 Nos. 125kVA & 2 x 250kVA installed at
Indore Cricket Stadium

BIRLA INSTITUTE OF TECHNOLOGY & SCIENCE, PILANI

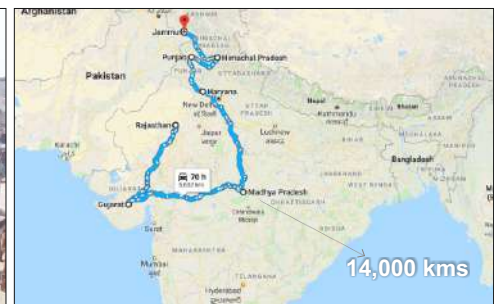

6 Nos. x 750 + 2 x 250kVA DG Sets with
Synchronization panel, BUS DUCT, Exhaust & Fuel System

DEALER CONFERENCE 2018

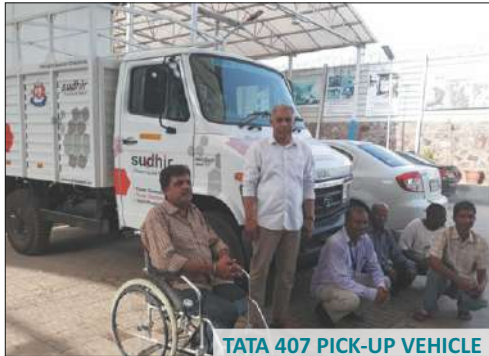

Sudhir - Cummins Dealer Conference 2018 was organized at Hotel Kamath, Silvassa on 28th & 29th June, 2018. At the meet Dealers and Team Members of Sudhir - Cummins Management shared their experiences and enhanced their understanding of market conditions to further improve the quality of product and trust of end users in the Company's products and services. The best Dealers performance for the Year 2017 were appreciated and awarded. There were others who were presented Awards for their outstanding contribution in growth of Company's sales as well as for participation in promotional activities. The Dealers were also given Authorization Certificates for the year 2019. The event was a great success and appreciated by one and all.

SUMMER ROAD SHOW

A 60 days road show was organised by Sudhir Cummins across 7 states namely Rajasthan, Gujarat, Madhya Pradesh, Haryana, Punjab, Himachal Pradesh and Jammu & Kashmir covering approx. 14000 kms. to promote silent DG sets which received an overwhelming response. The success of measure of the Road Show was the keenness & interest exhibited by a large number of visitors comprising of various market segments like residential, commercial and industrial in every city visited and the huge number of enquiries generated thereof.

LENDING A HELPING HAND TO THE NEEDY MEMBERS OF OUR SOCIETY

TATA 407 PICK-UP VEHICLE

35 HOSPITALS BEDS

SOLAR LIGHT INSTALLATION

Sudhir understands its responsibility towards the society and makes its best efforts to contribute towards upliftment of its fellow citizen's year after years. This year we shared our responsibility through an internationally recognised NGO "Earth Saviour Foundation at Bandhwadi, Gurugram" who serve less privileged people by running "old Age Home - for abandoned senior citizens"; "Rescue centre to look after mentally disabled people"; "Jai Nari Niketan shelter to look after deprived females" to name a few.

To add some comforts to daily needs of the neediest members of our society, "SUDHIR" contributed –

- 82.5kVA Silent DG Set
- 35 Hospital beds
- Women Toilet Units
- Doctor Fees
- TATA 407 Pick-up vehicle
- Solar Lights

SPONSORING EDUCATION

Continuing its vital role of being a socially responsible organization, Sudhir sponsored the education of 17 students of Grade IV under Literacy India, a non-profit organization in Palam Vihar, Gurgaon, which empowers under privileged women and children across 55 centres by making them self-sufficient through proper vocational education. Also sponsored scholarship to meritorious children of our staff members.

DIWALI & CHRISTMAS CELEBRATION

At Sudhir, the spirit of Diwali & Christmas celebration turned out to be colourful and everyone enjoyed each moment of the celebration office and all workstations were decorated in the morning. The evening was followed by fun-filled exciting games, hidden talent shows, dance etc. The company wished the associates the best for the new year, everyone enjoyed the lavish spread of food.

EXHIBITION & CUSTOMER SEMINARS

Sudhir Cummins exhibited its highly efficient and cost effective Silent Diesel Generator in Energy Expo at Surat, organized by The Southern Gujarat Chamber of Commerce with the objective to provide one platform for all stakeholders of the energy sector.

Also, various other promotional activities of Customer Seminar organized by Sudhir – Cummins in various cities, including Chattarpur, Jabalpur, Hisar, Udaipur, Bhatinda & Panipat. These meet enabled Sudhir-Cummins team to understand from different customers their experience with our various products and services. The event was a great success and much appreciated.

Adani Port

Sudhir, an industry leader in the Indian power sector for over 4 decades, continuously broadening the horizons of opportunities.
