

Charging Communities

| From the Director's Desk

It gives me immense pleasure to see Sudhir Gensets Limited actively partnering our customers to the pinnacle of success. In our endeavour to do this, we have built up an operational network that spans across the country and developed our capabilities to encompass the entire spectrum of the Power Generation-Distribution-Electrification value chain. With a great deal of pride, we can state that we have been able to do this by going beyond merely offering answers to problems but by providing comprehensive solutions.

Over the past few months, our achievements have been nothing short of spectacular. In the face of stiff competition, we emerged triumphant in bagging the order to supply power to prestigious projects such as the Pink City Jaipur Metro Rail, Delhi Metro Rail as well as Chennai Metro Rail. Our impeccable credentials were given a further boost with the Delhi Metro Rail Corporation acknowledging our unmatched capabilities in providing consistent and reliable power to its renowned project. Apart from these, we enjoy the distinction of catering to the power solution needs of some other major projects like Taj Expressway, Married Accommodation for Indian Defence officials etc.

Sudhir has also made its presence felt across a cross section of industry, with the country's crème de la crème of corporates reposing their trust and confidence in our power solutions. From IT companies like TCS, HCL, Agilent Technologies, Genpact, to FMCG companies like Dominos & CCD, Auto industries like Hero Group, Honda, Maruti Suzuki, Govt. companies like Airport Authority of India, Parliament House, Supreme Court of India... whenever they think of power, they turn to Sudhir!

Over the years, the name 'Sudhir' has become synonymous with innovation and leadership. And this reputation was recently reinforced and enhanced with the grounding of an Indo-Italian joint venture between Sudhir Gensets Limited and TESAR, Italy, the biggest transformer manufacturer in Europe. This coming together of two giants promises to revolutionise the Power Industry as it will introduce the revolutionary Step-up technology to India in the form of Cast Resin transformers with rated power up to 20 MVA.

In case of any feedback, do feel free to contact me directly at rahulseth@sudhircgensets.com.

Sincerely,

Rahul Seth
Joint Managing Director

Latest Projects & Developments

Delhi, Jaipur and Chennai Metro Project:

Sudhir has bagged a Rs.41 crore order from state-run Delhi Metro Rail Corporation Ltd. (DMRC) to provide power solutions for the metro rail network at Jaipur in Rajasthan. The project, Jaipur Mass Rapid Transport System (MRTS), estimated to cost about Rs.10,000 crores (Rs.100 billion), is projected to carry about 11,000 commuters per hour on each rail corridor when fully operational. The company has also successfully bagged contract for Chennai Metro Project as well.

The turnkey project includes Supply, Installation, Testing and Commissioning E&M, DG, UPS, Fire Detection, Fire Suppression, EOT Cranes, Compressors and HVAC system for elevated section of essential power infrastructure for phase 1 and at Mansarovar depot of the East west corridor of the Jaipur metro rail project. This section will serve eight passenger stations.

To be built under the public-private-partnership model by the Jaipur Metro Rail Corporation Ltd (JMRC), the 35-km mass rapid transport system will have two corridors from east to west and north to south across the Pink City.

"We are already helping DMRC to power the Delhi metro urban rail network of the country, with power efficient solutions. We have a wide range of power and automation products and solutions for urban, conventional and high-speed rail applications and have built up an extensive national installed base."

MAP Project

Last year, during our interaction with the Government departments of Jammu & Kashmir, we came to know about the latest project of MES-MAP (Married Accommodation Projects). This was to come up all over the state so that armed forces i.e. Army and Airforce may stay with their families in the critical Sites of Nagrota/Udhampur/Srinagar and Leh in J&K.

We have since been successful in securing 100% business of all the 4 MAP Projects because our product designs were best suited for these types of conditions. This kind of installation, at an altitude of 18000 feet and in freezing conditions of -25°C, has been a challenge but one that we are confident of conquering.

Gas Gensets for Sunbeam Auto Pvt Ltd:

Sudhir has once again proven to be a pioneer. We have recently installed Gas Gensets for base load operation on natural gas. This is a first of its kind special project in India where apart from 3 gas gensets of 1750 KVA each @11KV, synchronizing panels, HT panels, remote radiators, exhaust piping, cooling circuit piping, cabling, earthing, gas train etc. were installed in record time. The sets are being operated and maintained by our own engineers.

HONDA TAPAKURA

After bagging major orders like AIIMS Rishikesh & Jodhpur; Honda Motorcycle and Scooter India Pvt. Ltd. - Tapakura, Rajasthan; DMRC ILBS (Institute of Liver & Biliary Sciences); Godrej Frontier etc. we are aggressively focusing on completing the projects on time. For AIIMS Rishikesh we have started installing 6 x 2000 KVA DG sets, 9 nos of Transformers ranging from 2000 - 6000 KVA, for AIIMS Jodhpur 7 nos of DG sets ranging from 1000 - 2000 KVA, for Honda Tapakura SITC of 8 x 2000 KVA, 11 KV DG sets with Auxiliaries for Power House and for DMRC ILBS 3 X 2000 KVA DG Sets, 6 nos of transformers ranging from 1500 - 2000 KVA. The project execution will also include supply and erection of HT/LT Panels, UPS, Solar System, SCADA, HT/LT Cable, Earthing, Bus Duct, BMS System, Cable Tray, Fire Suppression & HSD Tank.

Sudhir has recently bagged over Rs. 100 crore business by getting orders from the must renowned companies like DLF, Sky View Corporate Park, Indira Gandhi International Airport, IRCON International and Gurgaon ESIC Hospital.

HINES - Sky View Corporate Park, Gurgaon: Main Highlights

Skyview Corporate Park is a multi-phase project being developed on a 21-acre site which faces the National Highway (NH-8). The project site is bordered not only by the NH-8 but also by a 60-meter-wide future sector road. It will be within 500 meters of the intersection of the Southern periphery road (NH-262) connecting Golf Course Road to NH-8 and the Northern periphery road connecting NH-8 to Delhi. A Metro stop and ISBT within walking distance will further enhance connectivity. The buildings will be among the first constructed in India that meet a true international standard for Class A design and construction quality, and they will be LEED® rated.

1. It is a multi-phase project to develop the 1.63 million-square-foot Grade A campus-style development, with structured parking for more than 3,400 cars and supported by retail amenities on a 21-acre site which faces the National Highway (NH-8).

2. Sudhir is providing DG sets, Sub Station -11/0.433 KV HT Panels, Transformers, LT Panel, HT/LT Cable, Cable Tray, Earthing, HSD Tank, Bus Duct & Rising Main, Fire pump , Smoke detector, fire pipe, CCTV, Parking management, Access control and BMS.

On the Global Front

Indo - Italian Joint Venture

We are happy to announce our joint venture with the renowned Italian firm, TESAR. This Indo-Italian venture is of special significance because it brings together two world giants in the Power sector. They were the first in Italy to start resin casting techniques for transformers. Today, with manufacturing plants in Italy, Romania, Argentina, Poland and Abu Dhabi, TESAR has more than 1,00,000 transformers installed at various locations around the world. This is a testament to TESAR's reliability and makes us proud to be involved with them.

SUDHIR TESAR product range includes:

- 11 kV and 33 kV transformers with rated power upto 20 MVA.
- Rectifier convertor duty transformers.
- Transformers for photovoltaic and wind power plants.
- Transformers for AC – DC conversion for industrial application electric traction.
- Lighting transformers.

Smiles on the go

At Sudhir, we always believe in taking our competencies to the next level. Many a times we have made ourselves extent landmarks by delivering the promised values. One such example is the "TAJ EXPRESS WAY" at Delhi Agra Highway. Schneider Electric's help has been instrumental in making our journey remarkable one. Powering the India's longest six-laned controlled-access expressway stretch has been one of the many projects that make us proud in the power generation sector. We have excelled in our commitments by touching people's life at every step in the journey of 165 kms.

Kudos to the team Sudhir who have made this project a pride possession.

Zee Business interview with Sudhir Seth

Our CMD, Mr. Sudhir Seth, was interviewed by “The Big Idea”, the popular Zee Business show. The show on its international telecast network drew a parallel with the personal journey of Mr. Sudhir Seth and the professional curve of Sudhir Gensets. It threw light on the friendly side of Mr. Sudhir Seth where he remembered so many stories that went into making Sudhir Gensets what it is today.

We have been appearing across several media and on various platforms. Seen here, Sudhir being promoted in the popular Channel V show, “Axe your Ex”.

Sales Promotion Activities

Business Opportunity

Sudhir has recently conducted various seminars at Udaipur, Sonipat, Sriganganagar, Shimla, Alwar, Ambala etc. We also conducted a Sales Dealers meet in Gurgaon where our dealers were awarded for their stellar performance.

Udaipur

Yamunanagar

Sudhir Events

Annual Conference - Shiv Villas, Jaipur

Several employees were awarded for their excellent performance and great contribution to Sudhir Gensets Limited. Our CMD, Mr. Sudhir Seth addressed the participants and congratulated them for bagging some of the India's prestigious projects like DMRC Delhi Metro, Jaipur Metro, AIIMS Rishikesh & Jodhpur, ILBS-DMRC, MES Leh, Chenani Nashri Tunnel Project, PDD Leh - Kargil, Reliance Power Plants, Emmar MGF - Digital Green Golf course project, DLF Almedia Gurgaon, DLF Mulanpur Mohali Punjab, Vatika city Ambala, Defence installations & Ordinance factories through MES. etc. His address was very comprehensive and truly inspiring.

Camps held by Sudhir Foundation

Manesar Medical Camp

The Health Check -up camp was held on 20th & 21st July, 2012 for the staff & workers of Sudhir Gensets, Manesar. Three Consultant doctors - a General Physician, Orthopedic Surgeon and a Cardiologist from Artemis Hospital, Gurgaon, were called to provide medical care. More than 300 staff and workers benefitted from this camp. Some workers were referred to Artemis Hospital under ESI to avail the treatment.

Kadarpur Health Camp

Sudhir Foundation had organized a one day health camp on 16th May 2012 at Kadarpur, Gurgaon. The Health camp was started at Rajkiya Ucch Vidyalaya Kadarpur at 10:00 am and continued till 3:00 p.m. The Chief Guest, Mrs. Indu Seth, was honoured by Mr. Mahesh Dama, Municipal Counsellor. The Sarpanch of Kadarpur, doctors of Artemis Hospital and teachers of Kadarpur School were also present.

More than 100 persons were registered and they were asked to undergo a medical lab test for BP, BMI, Pulse, Blood Test and ECG check-up. After the reports were prepared, they were sent to the concerned doctor for diagnosis. Medicines were also distributed free of cost.

The activities of this Health Camp were covered & published in Daily Tribune & Gurgaon Mail newspapers with the photographs.

HR activities

Training Programmes

Leaders understand the importance of providing employees with opportunities to grow personally and professionally. It is critical that the type of training an employer provides meets the needs of the business and its employees.

To maintain a learning culture in our business, we keep arranging training programs at our manufacturing units and offices spread across India to hone our employee skills. Glimpses of the training programs conducted at various places can be seen below.

We take pride in everything we do

It's undeniably a pleasure to make someone smile. The happiness becomes greater when we know that our hard work, passion and pride are behind those smiles. At Sudhir, we take pride in aligning our products & services with requirements of our customers. It has been around 4 decades and our expertise of power generation, distribution and electrification as well as drive for constant evolution makes us one of the most respected team in the industry.

But we still think, the powerful journey has just begun...
